The National Longitudinal Survey of Youth 1979 (NLSY79) is a comprehensive survey sponsored and directed by the Bureau of Labor Statistics of the U.S. Department of Labor. The survey is conducted under contract with the Center for Human Resource Research (CHRR) at The Ohio State University and the National Opinion Research Center (NORC) at the University of Chicago. Additional funding is provided by the National Institute of Child Health and Human Development and the National Institute on Drug Abuse.

This document pays tribute to the initiators of the NLS, Herbert S. Parnes and Howard Rosen, who had the vision to see that the collection of longitudinal data on the labor force experiences of American men and women could provide a basis for policies fostering more efficient and equitable labor markets. Additional thanks go to the NLSY79's current Principal Investigator, Randall Olsen, who modernized and expanded the NLSY79. Special thanks to the previous guide compiler, Gale James; to the NLSY79 main and child archivists, Karima Nagi, Paula Baker, and Canada Keck; and to the other members of the documentation team: Linda Boyer, Tiffany Chase, Jennifer Hering, Amanda McClain, and Jay L. Zagorsky.

Help and Information

This manual is one of a set of user-oriented documents available to the NLS research community containing information on the Original Cohorts (Older Men, Young Men, Mature Women, and Young Women), the NLSY79, the Children of the NLSY79, and the NLSY97. Appendix A in this document contains a quick reference guide to essential information about the NLSY79. Persons needing more information on the NLS in general or the NLS cohort groups are encouraged to obtain copies of the *NLS Handbook*. Persons interested in data collected on the Children of the NLSY79 will want to examine the *NLSY79 Child Handbook 1986–1990*. Summaries of research completed on the NLS over the past several decades are published on line in the NLS Annotated Bibliography of Research, located at <http://www.nlsbibliography.org>. Persons needing detailed information on the other cohorts should read the *NLS of Mature Women User's Guide*, *NLS of Young Women User's Guide*, and the *NLSY97 User's Guide*; contact NLS User Services for more information on the men's cohorts. The Handbook, User's Guides, and other NLS publications are available online at <http://www.bls.gov/nls/>. Ordering information for NLS publications and data sets is available from NLS User Services, 921 Chatham Lane, Suite 100, Columbus, OH 43221-2418; Phone (614) 442-7366, fax (614) 442-7329, or e-mail at usersvc@postoffice.chrr.ohio-state.edu. Orders can also be placed online at <http://www.bls.gov/nls/> by choosing the "Ordering Data" link.
